

Bill Pay

Streamline technology expense payments, reduce operating overhead, and ensure uninterrupted services.

“Bill Pay brought unbelievable consistency and reliability to our invoicing process. Having Advantage handle these transactions has saved our team crucial time on daily tasks.”

— Casey Porter,
Corporate IT Manager at
AllerVie Health

On average, companies spend **\$32 to process an invoice** due to tedious billing procedures plagued by a matrix of different portal log-ins and inefficient provider communication channels. Regain vital time and effort while also preventing late fees and service disruptions with Bill Pay from Advantage®.

Disbursement

Our team will administer payment to every vendor based on their invoicing preference:

- VIRTUAL CREDIT CARD
- ACH
- ENHANCED ACH
- CHECK
- EMAIL
- PORTAL AUTOMATION
- FAX
- CONCIERGE

Consolidation Settlement

Settlement data is captured, stored, and sent to your ERP for end-to-end updates. Bill Pay users can also review all payments on a collective or individual scale via our proprietary Command CenterSM platform.

Take the first step in operationalizing your organization's technology lifecycle. Leverage Bill Pay from Advantage® to automatically remove the risk of detrimental service disconnects and time-consuming payment practices.

Discover Better Billing

We're here to save your teams time with invoicing. Let us know how we can help!
